Stefanie M. says: Tonya is hands down the best brow specialist there is!! I live I in NY and make a point to make sure I can book an appointment with Tonya whenever I'm in town. She is that good! I don't trust my brows anyone else. And she is also one of the sweetest people I know!

Best brows I've gotten

5/4/2014

Taylor D. says: I had tried a lot of eyebrow threading salons and they all made my eyebrows either too straight, too messy, or too thin. But finally when I went to The Brow Gal I was amazed with Tonya's work. She made my brows beautiful, bold, and arched just like I hoped for. Also, everyone at the salon is so welcoming and sweet! I will definitely be a customer for life. Thanks Tonya! :)

Eye Opener

4/23/2014

Lenore d. says: Tonya was terrific. She took my flat wooly brows and reshaped them so they now frame and open my eyes. Loved the location, the booking process, and the attention. All around a professional "eye-opening" experience! Lenore

3/29/2014

Michele D. says: Tonya is the best and I'm glad I found her again. My eyebrows were crooked and my arch had vanished--never fear, Tonya helped me out. Her studio is pleasant, the service is professional, and she knows her stuff. Glad to be back .

On top of that she is extremely kind. And fast! 100 percent will be going back and that's coming from someone who has never gone to the same person twice.

Transform your brows -- even if you didn't know that you needed it!

8/24/2013

Dana W. says: I asked my friend - who I believed to be blessed with amazingly symmetrical, beautiful brows - where she goes for brow shaping and she raved about Tonya. Apparently these perfect brows are the product of repeat sessions with Tonya! I've been going to The Brow Gal for a few years, and I'm so so so happy with how she has transformed my look. I've recommended several friends to her - now that I'm the one getting compliments - and everyone I've chatted with is beyond pleased. Thanks, Tonya!

AMAZING!

8/11/2013

Erica C. says: Tonya's assistant Bryan shaped my eyebrows and he did an absolutely incredible job. I had no idea my eyebrows could look like they do now. I was so happy walking out of the salon--the arch is exactly what I wanted and the shape is perfect. I traveled all the way from Kentucky and it was definitely worth the trip. Bryan is an artist. I will absolutely return to have my eyebrows shaped here.

Love my eyebrows!

7/20/2013

Carrie L. says: I just went to Tonya for the first time yesterday and it was such a pleasant experience. Her receptionist was very nice and professional and got me in before Tonya left for vacation. Tonya was very sweet and has done such an amazing job with my eyebrows already! I have been getting my eyebrows shaped for many years, but each time I left I felt my eyebrows were not quite right. I know it will take a few months for my eyebrows to become symmetrical, but even after one appointment I can already see the difference!! I'm so happy to have found Tonya and look forward to my next visit!

Professional, Fast, Excellent Work

6/30/2013

Sarissa T. says: This was my first time visiting Tonya, but I will definitely be back. The work on my brows, as others have mentioned, was top-notch -- after going to the brow stylist in my local nail salon for months and getting uneven results, I decided to upgrade. The ease of booking an appointment online was another plus, as was the ambiance in the salon (it's behind and to the left of the Thai Massage salon in the front at 8217). Tonya was fast, gentle, professional and gave me an approximation of how long it would take to get my brows into top shape. I look forward to my next appointment. Thanks, Tonya!

BEST BROWS EVER

6/8/2013

Merrady W. says: I have had my brows shaped by many, many highly recommended professionals, and Tonya is hands down the BEST!!! Her pencil and brow gel are indispensable tools. Not only do my brows look flawlessly groomed, I have ZERO irritation. I have never had a brow wax without an angry swath of red bumps on my sensitive skin. I don't know how she does it, but she has made a lifelong client. Thank you Tonya!

Great Experience

5/30/2013

Maiya G. says: Tonya has been doing brows for years and you can tell- the brows she left me with are impeccable and natural. Her and her assistant were both down to earth and lovely to work with. Tonya devises a realistic 'brow plan' to get you en route to your dream brows

Title your review Perfect and professional

5/24/2013

Adele L. says: Write your review I can only echo what others have written. Tonya is a pleasure to work with, and her results are impeccable.

BEST BROWS IN LA

5/5/2013

Stef M. says: I have been going to Tonya for years and she is the absolute BEST! I'd fly across country to have her do my brows (and sometimes do). As her business and her popularity grows, she continues to be the same lovely person inside and out! I am constantly recommending her - she's a brow magician! Do yourself a favor - make an appointment!

Beautiful work, no pretension!

4/25/2013

Kristina P. says: I found Bryan through Gilt City and returned again yesterday. Once again he worked his magic and the fuzzy caterpillar situation I walked in with morphed into a beautiful butterfly in 30 minutes. It really is worth the money! My SF friend was in town a few weeks ago and asked me to take her to that other brow place in Beverly Hills. Despite having an appointment, she sat in the waiting room for a half hour and felt they were doing her a favor by getting her in. Bryan was on time, efficient and gracious all while doing a fantastic job! Securing an appointment is easy online and on the phone. Why go anywhere else?

Best brows ever!

4/20/2013

Lena D. says: I visited several brow salons in Beverly Hills before which all were pretty good but Tonya's brow shaping is really above just perfect brows but also to find the shape which is the best complimenting your face too! She is a real artist and knows how to achieve the great brows! I found her when I was searching on internet (for a while) for an artist who is making beautiful brows for Megan Fox. Tonya put my brows in real perfect shape (I had one brow slightly lower and somehow Tonya made them look even!) and I really like how they compliment my face now! (she suggested not to go too thin and now I have perfect width which balances well my high forehead). Plus the vibe and atmosphere of the place is so cool and relaxing, Tonya is such a wonderful and easy to talk person as well as people who work with her, even short 15 min. brow shaping time gives me such relaxation and great mode for the day! I don't need to experiment and try new places anymore, I always go to Tonya for the best brow shape and so thankful for her great job and talent!

First time with Tonya yesterday

4/20/2013

Erin N. says: Wonderful is all I have to say. I told Tonya I wanted to keep my eyebrows thick and not only did she do that but she also shaped them perfectly! I'll definitely be back

Perfect

4/18/2013

Ana A. says: Thank you Tonya for your help. Today was my first brow gal experience and I already ant wait to go back! I was 15 minutes late for my appointment because I kind of got lost, but Tonya was completely understanding and sweet.

Wow

4/17/2013

Allison S. says: I had been looking for someone to improve the shape of my brows and I decided to drive all the way from Westlake Village to see for myself if Tonya could make a difference. It was well worth the trip! I was amazed at what Tonya could do in just one session and cannot wait to see what happens after I become a regular. In fact, on my way home, I stopped at a store and received two complements on my brows!

She's the best!

3/31/2013

Lisa K. says: My eyebrows always look great, thanks to Tonya. It worth the drive for me, coming from El Segundo! :) She's sweet & works fast too- 15 minutes with each client and yet she always does a great job! I love it too that now I can book my appointment online.

Amazing!

3/30/2013

Jennifer R. says: I've always felt like I had unmanageable eyebrows and took tweezers and went to town. It wasn't until I found " the brow gal" that I realized my eyebrows could do so much more for my face! I love the way you showed me how to groom and regrow them to emphasize my features on my face. Thank you for helping me feel beautiful!

WOW! I look like a new Woman

3/29/2013

Amy L. says: Thank you Tonya for making my brows look Amazing. Tonya is one-of-a-kind at her craft. Tonya is definitely a Brow Artist and Expert. Tonya is also adorable. Thanks Toyna Super Big hugs!

One happy client!

3/29/2013

Rasa M. says: I just got my eyebrows shaped yesterday by Tonya, and I feel wonderful! I went in with terribly lopsided eyebrows and she totally did her thing to fix them. I love my eyebrows now and know that I'll love them more and more with each visit. Plus, she's soo friendly and fun to talk to. I'm looking forward to coming back next month!

Courtney H.

3/29/2013

Courtney H. says: I've never felt more comfortable letting someone work on my eyebrows!! I explained my past experiences and what I liked and didn't like about my brows at the time of the appointment. Tonya then took the time to explain how my eyebrow hair grows and why that would cause me or someone without the know how to struggle for the shape I want. I walked out of there with a better brows and confidence that together we can get my brows to their perfect form. Worth every penny!!!

Very Impressed!

3/25/2013

Kiirstin B. says: I went to Tonya after being very frustrated with the 'other' top brow stylists including Anastasia, Damine Roberts, BDB, Kelly Baker just to name a few. They all totally butchered my natural shape, basically waxing off the tapered end of my brows, leaving me short thin brows. After only 1 visit with Tonya, they already look 100% better. I haven't been this impressed with a brow waxing in several years!! I can't wait to go back to her in a few weeks and she what she does. She told me it may take a few visits to get them back in shape but already they look amazing. Thank you so much Tonya!!

Bryan totally gave me a whole new look

3/17/2013

Skulratana Mookie L. says: This is my second time ever in my life to have my brows done and Bryan is perfect!! He knows what he's doing and definitely took his time. It didn't hurt at all:) My parents love my new brows, I can't thank you enough. I love the new look every time I see myself in the mirror. I will definitely come back the next time I'm in town!! Thank you again Bryan:)

Amazing!!

3/11/2013

Edie j. says: Tonya is awesome and her work is amazing!! You will not be disappointed.

Amazing Brows!

3/1/2013

Colleen O. says: I couldn't be happier with my new brows. And I say new because Tonya transformed them during a 15min appointment. They somehow look thicker and have a great shape. I would definitely go back. Thanks Tonya!

Def worth it!!!!

2/15/2013

Alma L. says: I read about Tonya in a magazine and I just had to go there.. I naturally have thicker brows I love the fact that she takes into account what each persons eyebrows are like and really does give you the best brows for your face. I can't tell you how many places I've been to and they pull out stencils or you ask for a natural brow and they pretty much do as they please and I've walked out of places trying to figure out ways to hide my brows and or lack there of. So not the case with Tonya! Plus have the cliental she does you would expect her to be snobby or something. She's not she's super sweet, I'm far from being a celebrity and she was still the nicest most down to earth person.

Tonya is the best :)

2/13/2013

Maja S. says: Tonya has transformed my eyebrows and it's always a pleasure to see her! I never thought my eyebrows could look this good, even and thick. Thank you for being the best :-)

Brow Shaping

12/7/2012

Casey B. says: As a serial over-plucker it was refreshing to meet Tonya. She admitted that she used to be the same way but showed me a whole new way to look at my brows. I didn't even realize that in my futile attempts to shape my own brows over the years, I had spaced them too far apart and even put my arch in the wrong place! Go to Tonya, you'll be in good hands and leave looking like a whole new (better looking!) person. She really knows her stuff and I'll definitely be going back.

The BEST!

8/31/2012

Anna A. says: Tonya is absolutely amazing! I've had my share of horrible eyebrow situations, but she managed to do the impossible and find the best shape that looks great on me! Finally I love love my eyebrows! And she is such a lovely and sweet person that you want to go back there with no particular reason every day :) Thank you so much, Tonya! :)

Love love love.. My eyebrows and so will you!!!

8/28/2012

Christina M. says: I have tried so many other place and no one comes close to how amazing Tonya made my eyebrows look. She truly is an artist. I have received so many complements and to be honest you really cant help but stare at them yourself...so do yourself a favor and go try Tonya you won't be sorry!

Incredible!

8/6/2012

Julie G. says: Tonya is by far the best. I dont know how she does it but I always look incredible when I leave. She's always on time and is such a pleasure to talk to.

6/25/2012
